President's Report

Hi All

I hope everyone is refreshed after the Easter and Anzac long weekends (especially for those lucky enough to turn this into an extended break.

I am really looking forward to the next meeting and hearing about the Trips that have been run over this period. I know we have had a couple of great trips run

Also at our next meeting we will have Trevor from Autophix so please make sure you come along to hear about his range of ODB scanners, he will have a bit of a discount for those wanting to purchase a unit.

As the year is ticking by, we are in the process of organizing our Christmas in July. (Actually on 20th – 22nd June) This year to change things up a bit we are planning to have this at the Upper Yarra Reservoir. This is only ~1.5 Hrs from Melbourne so it is close enough for day trippers. There is a large campground, fire pits, covered areas including BBQ's, tennis court and flushing toilets. Also walking tracks and 4WD tracks nearby for anyone who wants to explore further.

As usual the club will cater for Saturday nights dinner with plenty to eat.

Snow Trips – If anyone is interested in running or attending the Mt Skene snow trips this year please put your name down on a form or let Andy know. We will need a few trip leaders and suggested dates so we can organize permits when they become available (Early June).

Our upcoming trip calendar is looking good, but would be great to add a few day trips. If you would like to run a trip and need a hand, please reach out (Or attend a trip leaders training day).

At our next meeting we also have a few rule changes we want to discuss in general business so please make sure you attend to hear about this.

See you all on Wednesday!

Neville Van Leeuwen

Track Classification

[Four Wheel Drive Victoria](#) have a track grading classification scale which has been developed to assist in advising Trip Leaders and participants on 4WD trips of the type of tracks that they can expect to encounter. On most trips participants can expect that a variety of tracks will be traversed each with an appropriate rating. Trip Leaders should advise participants of the range of track ratings expected to be encountered on the planned route. The following classifications will assist in determining an overall Trip Rating:

Considerations	Easy	Medium	Difficult	Very Difficult
Overall Description	All Wheel Drive and High Range 4WD. Novice Drivers	Mainly High range 4WD but Low range required. Some 4WD experience recommended.	Significant Low range 4WD with standard 4WD ground clearance. Should have 4WD driver training.	Low range 4WD with High ground clearance. Experienced Drivers

Trip Report – Haunted Stream 2025

Report By – Bruce Dunlop

1. Bruce D – Ford Everest Sport
2. Anne, Alan – Toyota Prado
3. Rod (local) – D-Max

The trip started with a set up at the Bruthen Caravan Park on Friday 4 APR,

The intrepid travelers then did a quick shake out of some local tracks, with the Swan Reach Hotel Motel lunch highly anticipated, and enjoyed,

A quick catch up with a local, my co driver tomorrow, and we are ready for the upcoming trip.

Saturday saw us bright eyed, and bushy tailed at the new Bruthen Honey Café, bacon and egg panini anyone?

So, our convoy of three heads off.

We get to the last wooden fire spotting tower at Mt Little Dick. Obligatory photo shoot,

Head towards Engineers Track, it is in better condition than most major Victorian roads,

Any hoot we get to the Drop into Dawson City, its rained recently and its steep, so 4 low is quickly selected, Manual mode for us automagic drivers, M1 for me. Not to far down the track the vehicles go where they want and not were we want, so fight the urge to brake and drive them down, all good, few wide eyes from my back seat, just close your eyes I say, I did,

More photos from Dawson City, saw the only other vehicle on this part of track for the whole trip. Quick lunch and exchange of pleasantries and Haunted Streams 50+ fords await.

These are carried out without any major issues, a log down in a creek saw the introduction of deep-sea chain sawing.

The loss of a treasured Jandel at this stage brought a tear to one participant.

Its out through the gates at private property, air up and express back to Bruthen,

Trip Report

Swan Reach Hotel for dinner, a few cleansing ales had the hill steeper and as slippery as a bar of soap.

Sunday was a relaxed departure due to extra hour of daylight savings, dropping in to local's farm, grand tour.

All in all great weekend, grand time and now to plan the next,

We need your help on and off the tracks
