President's Report

Hi All,

I'm really looking forward to the upcoming months – we have a packed calendar with plenty of trips and activities to sign up for.

First up is our off-site meeting at Adrenalin Off Road in Pakenham. We will be meeting up for pizza and then a short presentation and a look around the shop. It looks to be a great night, so if you haven't RSVP'd yet, please do. Please remember, no meeting on the first Wednesday this month!

On 15/11, FWDV have organized another "Clean Up the Bush" at Mt Disappointment. If you can attend this, please RSVP via the email that was sent out. This is a great activity to represent the 4WD community in a positive way as well as beautifying the bush.

At the end of the month, we have our Christmas break-up BBQ at Upper Yarra Reservoir. This will be a relaxing day sharing a laugh and talking about our next adventure.

There are also plenty of trips coming up, so please see the trip section for all the details and put your name down.

In the background, Alec has been hard at work revamping the website with a whole new look. We are hoping to be able to launch this around the end of the year. There may be a sneak peek coming before this, so keep an eye out for an email about it.

The new website will still have the same details (forms, magazine, club information) but will be in an updated format. The site we have now is quite outdated and no longer offers the ability to be updated.

The committee has also been busy planning some of next year's activities, and we will provide more updates soon on this.

Track Classification

[Four Wheel Drive Victoria](#) have a track grading classification scale which has been developed to assist in advising Trip Leaders and participants on 4WD trips of the type of tracks that they can expect to encounter. On most trips participants can expect that a variety of tracks will be traversed each with an appropriate rating. Trip Leaders should advise participants of the range of track ratings expected to be encountered on the planned route. The following classifications will assist in determining an overall Trip Rating:

Considerations	Easy	Medium	Difficult	Very Difficult
Overall Description	All Wheel Drive and High Range 4WD. Novice Drivers	Mainly High range 4WD but Low range required. Some 4WD experience recommended.	Significant Low range 4WD with standard 4WD ground clearance. Should have 4WD driver training.	Low range 4WD with High ground clearance. Experienced Drivers
Advisory Sign				
Expected terrain and track conditions	Mostly unsealed roads with no obstacles and minor gradients.	Tracks with some steep and/or rocky/slippery/sandy sections. May have shallow water crossings.	Tracks with frequent steep and/or rocky/slippery/sandy sections. Possible water crossings.	Tracks with frequent very steep and/or rocky/slippery/sandy sections. May have difficult river crossings.
Vehicle suitability	All wheel Drive and High Range 4WD. Can be low clearance with single range and road tyres.	Suitable for medium clearance vehicles with dual range and all terrain or road tyres.	Suitable for medium to high clearance vehicles with dual range and all terrain tyres.	Suitable for high clearance vehicles with dual range and tyres suitable for the terrain. (Mud Terrain tyres).
Recovery equipment			Recovery equipment required.	Winch / Recovery equipment required.
Driver Training / Experience	Suitable for novice drivers.	Recommended that drivers have experience or 4WD training. Recommended to be done in groups of vehicles.	Recommended for drivers with reasonable experience or 4WD training. To be done in groups of vehicles.	Drivers with extensive experience and advanced training should only attempt as there are several technical challenges. Recommended to be done in groups of four or more vehicles.
Weather	May be difficult in wet conditions.	Will be more difficult in wet conditions.	Will be more difficult in wet conditions.	Will be more difficult in wet conditions.

Trip Report – Day trip to Latrobe State Forest & Noojee State Forest/Lunch at Noojee Pub (Saturday, 18th October 2025)

Report by Suzy

1. Suzy and Andy-Mitsubishi Challenger (Trip Leaders)
2. Neville and Riley-Mitsubishi Triton
3. Marc-Mitsubishi Triton
4. Ken-Mitsubishi Triton
5. Vernon-Toyota Lexus
6. Niro-Toyota Prado
7. Steve, Francine and James-Ford Everest
8. Dennis-Jeep Rubicon
9. Bruce D-Bionic Legs

The day afforded us crisp, dry conditions, as we headed out from Longwarry Ampol just before 0830, the convoy of 8 vehicles made their way up through Neerim, and into the LaTrobe State Forest.

Andy stated that the challenge set was to guess which U Turns were “unintentional,” but at one stage a few members of the convoy were picking them out before we made them!

Pit stop at Nerb’s Falls (AKA Chinamans cutting) and look at the Latrobe river, found one local waiting for a cray to be caught in his nets, and Dennis eye off the river for a think about crossing it in his Jeep, only to realise that the track was only on our side of the river with no exit point in sight.

Trip Report

Trip Report

Managed to air down and get the vehicles into low gear and drive some tracks, including; Hi Tree Road, Wild Track, Duggan Track and Tolleys Track.

Trip Report

Made the 1 pm lunch booking at Noojee Pub early, and found Bruce D turn up for a chat over a cold beverage after lunch.

Niro departed, and the rest of us agreed to do a bit more exploring, on the Western side of Noojee Pub, in the Noojee State Forest. Nev and Riley were on the hunt for a camp site for the night, and departed the convoy and alas picked up a hitch hiker (leech) along their travels. Luckily the Noojee Pub was open til late for some salt to their rescue.

Vern commented that he was happy to test his vehicles' capabilities (off the bitumen!)

The Lexus gave him a smooth, stylish adventure and a grin to go with it.

All in all, everyone had an enjoyable day of leisurely four wheel driving, lunching and relaxing in each others company. A great day had by all.

Thanks to all attendees for making it a great day trip.

Trip report by Suzy.
